内燃平衡重式叉车

**R SERIES COUNTERBALANCED FORKLIFT TRUCK**

零件目录

**PARTS CATALOGUE**

浙江杭叉工程机械股份有限公司  
**ZHEJIANG HANGCHA ENGINEERING MACHINERY CO., LTD.**

## Information

- I . This catalogue collects all of the parts (components) in series of 3-3.5 ton R forklift truck.
- II. Looking up methods:
  - I ) First looking up the series number of the part (component) in the drawing of the assembly, in which the parts (component) is in the catalogue and then the codes of the drawing and standard of the parts (the component) in terms of the series number.
  - II) No noted are all of the same parts and components otherwise they should be noted in case of difference.  
For example, in fig.30, the top left corner in page 76, "A、Q" means the type of the truck. In five line(No.4), "A" means this part is only applied to CPC30/35N-RW15A type forklift truck.
- III. Model, series Number, Code Number of drawing and quantity should be given when ordering the spare parts.
- IV. It is recommended to use the parts and components made by us for ideal the service and maintenance.
- V. We reserve the right of the change of the truck in construction for improving our products without notice. For the details of changes, please consult with sales department of Hangzhou Forklift Truck Co. Ltd.
- VI. CX series truck (container forklift truck) is same except of the lifting system.
- VII. The overall maximum lift heights of these lifting systems are 3 meters.
- VIII. Type explanation.
